

## MBST Award 2020 goes to Dr. med. Irene Wiesner in Kaarst

At the 3<sup>rd</sup> Wetzlar Medical Symposium about MBST magnetic resonance therapy in Wetzlar, the specialist for internal medicine Dr. med. Irene Wiesner from Kaarst was honoured for her public relations activities around the MBST therapy.

### MBST Award for Dr. med. Wiesner

During the 3<sup>rd</sup> international medical symposium about MBST magnetic resonance therapy in Wetzlar on the 6<sup>th</sup> of March 2020, Dr. med. Irene Wiesner was awarded an MBST Award. The specialist for internal medicine has successfully used the MBST therapy system since 2016. The practice has organised several informational events for patients and in this way made an essential contribution to the further expansion of MBST therapy.

### MBST treatment centre in the Medical-Orthopaedic Therapy Centre in Kaarst - MOT-Zentrum

Her barrier-free practice in the heart of Kaarst provides comprehensive care for patients. Being an academic training practice of the Heinrich Heine University in Duesseldorf, the practice not only is a supporting pillar of the healthcare system but always takes care to be up-to-date with the newest scientific medical developments.

Patient information events offer the opportunity to get detailed information about a disease, possibilities of diagnostics and modern treatment options such as MBST magnetic resonance therapy for patients affected, their relatives and everyone else interested.

After completing her training as a specialist for internal medicine, Dr. med. Irene Wiesner worked as senior ship's doctor on cruise ships. Her experiences in the countries she visited and her passion for sailing and travelling prompted her to initiate a foundation together with her husband who is also a doctor. "Doctors in full sail" champions the establishment of a better medical care in regions with a weak infrastructure.

### About MedTec Medizintechnik GmbH

Founded in 1998, MedTec Medizintechnik GmbH from Wetzlar has developed from a pioneer to world market leader in the field of therapeutically used MBST magnetic resonance technology. MedTec develops, produces and distributes the worldwide unique and patented technology that is used in MBST therapy system for human, veterinary and aesthetic medicine. Doctors, specialist, medical centres, hospitals, clinics and universities put their trust in the MBST therapy system today – not only in Germany and Europe but worldwide. It is MedTec's vision to enable a healthy, active and pain-free life for patients of nearly every age with its therapeutically used MBST technology. The MBST magnetic resonance therapy achieves that in the treatment of various degenerative diseases and injuries of the musculoskeletal system without needing drugs, injections, infusions, pain killers or surgical interventions. More than 1,000,000 hours of therapy have been applied with the MBST magnetic resonance technology so far without any side effects or interactions becoming known. MedTec Medizintechnik GmbH stands for global leadership of market and technology with its worldwide patented therapeutically used MBST magnetic resonance technology.
