

## MBST Award 2020 goes to Dr. med. Maren Van de Perck · Winnweiler

At the 3<sup>rd</sup> Wetzlar Medical Symposium about MBST magnetic resonance therapy in Wetzlar, Dr. med. Maren Van de Perck was honoured for outstanding activities regarding patient information about MBST therapy.

### MBST Award for Dr. Van de Perck

Dr. med. Maren Van de Perck was honoured with the MBST Award 2020 at the gala evening during the third international medical symposium in Wetzlar. Her commitment and work in informing about MBST magnetic resonance therapy are especially noticeable. Her orthopaedic practice in Winnweiler organises regular informational events for patients and also provides a very thorough documentation of case reports including diagnostic imaging.

MedTec Managing Director Axel Muntermann with Dr. Maren Van de Perck

### MBST complements the range of conservative treatments in practice in Winnweiler

Dr. med. Maren van de Perck is a specialist for surgery, specialist for orthopaedics and trauma surgery and also has further training qualifications in emergency medicine and manual medicine. The focus of manual medicine or manual therapy is the diagnostics and treatment of functional disorders of the joints, muscles and nerves and the resulting pathological consequences.

The range of treatment in the orthopaedic practice in Winnweiler includes the totality of conservative orthopaedics. Conservative orthopaedics deals with diagnostics and treatment of degenerative diseases (e. g. wear of the knee joint or herniated discs), deformities of the skeleton, bone disorders (e. g. osteoporosis), infections, tumour diseases of the musculoskeletal system, joint diseases with rheumatological or metabolic causes, muscle diseases and orthopaedic conditions with neurological implications. Dr. med. Van de Perck uses the MBST magnetic resonance therapy system as a part of her conservative treatment methods. She also organises regular informational events for patients which are an ideal opportunity for patients or other persons interested to get information about the MBST therapy and its advantages.

### About MedTec Medizintechnik GmbH

Founded in 1998, MedTec Medizintechnik GmbH from Wetzlar has developed from a pioneer to world market leader in the field of therapeutically used MBST magnetic resonance technology. MedTec develops, produces and distributes the worldwide unique and patented technology that is used in MBST therapy system for human, veterinary and aesthetic medicine. Doctors, specialist, medical centres, hospitals, clinics and universities put their trust in the MBST therapy system today – not only in Germany and Europe but worldwide. It is MedTec's vision to enable a healthy, active and pain-free life for patients of nearly every age with its therapeutically used MBST technology. The MBST magnetic resonance therapy achieves that in the treatment of various degenerative diseases and injuries of the musculoskeletal system without needing drugs, injections, infusions, pain killers or surgical interventions. More than 1,000,000 hours of therapy have been applied with the MBST magnetic resonance technology so far without any side effects or interactions becoming known. MedTec Medizintechnik GmbH stands for global leadership of market and technology with its worldwide patented therapeutically used MBST magnetic resonance technology.
