

## An MBST Award 2020 goes to Singapur

Several doctors and scientists were awarded for their successful and committed work around the therapeutical use of MBST magnetic resonance technology at the 3<sup>rd</sup> Wetzlar Medical Symposium in Wetzlar. Josephine Lee and Ho See Peng from Singapur were among those honoured with an MBST Award.

### 3<sup>rd</sup> Wetzlar Medical Symposium about MBST magnetic resonance technology

The 3<sup>rd</sup> Wetzlar Medical Symposium about MBST magnetic resonance therapy took place on the 6<sup>th</sup> and 7<sup>th</sup> March 2020. More than 100 doctors, scientists and distributors from Germany and abroad came to Wetzlar for information about the newest research results and developments in modern therapy approaches for the treatment of orthopaedic patients. The event focused on therapeutically used magnetic resonance technology with inpatient, outpatient, post-surgical, post-inpatient and rehabilitation-accompanying use of MBST magnetic resonance therapy.

### MBST Award for Pharmatech Resources PTE Ltd.

At the gala event on the evening before the symposium, Ms. Josephine Lee and Mr. Ho See Peng and their company Pharmatech Resources (FE) PTE Ltd. were honoured with an MBST Award. They have been exclusive master licence partners for MBST magnetic resonance technology in Singapur since 2017 and are extraordinary successful in the usage and distribution of MBST therapy.

*We, the MedTec from Wetzlar, are proud of the successes we have achieved together with Pharmatech and are looking forward to the continued prosperous cooperation in Asia.*

### About MedTec Medizintechnik GmbH

Founded in 1998, MedTec Medizintechnik GmbH from Wetzlar has developed from a pioneer to world market leader in the field of therapeutically used MBST magnetic resonance technology. MedTec develops, produces and distributes the worldwide unique and patented technology that is used in MBST therapy system for human, veterinary and aesthetic medicine. Doctors, specialist, medical centres, hospitals, clinics and universities put their trust in the MBST therapy system today – not only in Germany and Europe but worldwide. It is MedTec's vision to enable a healthy, active and pain-free life for patients of nearly every age with its therapeutically used MBST technology. The MBST magnetic resonance therapy achieves that in the treatment of various degenerative diseases and injuries of the musculoskeletal system without needing drugs, injections, infusions, pain killers or surgical interventions. More than 1,000,000 hours of therapy have been applicated with the MBST magnetic resonance technology so far without any side effects or interactions becoming known. MedTec Medizintechnik GmbH stands for global leadership of market and technology with its worldwide patented therapeutically used MBST magnetic resonance technology.
