

MedTec Medizintechnik GmbH awarded as finalist of the Hessen Champions competition

Hessia has chosen its most successful enterprises as "Hessen Champions" 2018. This year, MedTec Medizintechnik GmbH has ranked among the 3 best companies in the category world market leader. CEO Axel Muntermann was presented with the award by Hessian minister of economy Tarek Al-Wazir at the 27th Hessischer Unternehmertag yesterday.

The competition

"Hessen Champions", the innovation and growth award of Hessia, searches for companies with innovative ideas, products or methods, those that are world wide top-ranking in their industry or have generated an above-average amount of jobs in Hessia regarding their their size. Companies that are responsible for Hessia being so successful also in international competition.

Award ceremony on October 30, 2018

The winners were presented last night, October 30, 2018, at the 27th Hessischer Unternehmertag®. Keynote speakers were Hessian First Minister Volker Bouffier, Minister of Economics Tarek Al-Wazir and Dr. Theodor Weimer, the chairman of Deutsche Boerse AG who talked about the situation and position of Hessian enterprises and found words of praise: "Hessia's companies are innovative and internationally successful", says Minister of Economics Tarek Al-Wazir. "This is especially true for the large number of small and medium-sized companies that are not known to a wider public. They are the ones whose achievements we want to put into the limelight with the Hessen Champions competition."

9 finalists out of 61 participants

At the award ceremony in the beautiful ambiente of the Fjodor Dostojewski saloon at the Kurhaus Wiesbaden, Tarek Al-Wazir, patron of the competition Hessen Champions, congratulated Axel Muntermann, founder and CEO of MedTec Medizintechnik GmbH, on the impressive result and presented him with certificate and award. With this, MedTec has shown that the company and the MBST magnetic resonance therapy have received the most important prizes of German SMEs this year: after the 3rd award as TOP 100 TOP innovator 2014, 2016 und 2018, FOCUS Wachstumschampion 2018 and finalist of the Health Media Award 2018 another award now as finalist of the category world market leader of the Hessen Champions.

"All participants and especially the 9 finalists are winners. After all, they were able to hold their ground in a field of exceptional candidates", says HTAI CEO Dr. Rainer Waldschmidt on behalf of the jury.

About MedTec Medizintechnik GmbH

Founded in 1998, MedTec Medizintechnik GmbH from Wetzlar has developed from a pioneer to world market leader in the field of therapeutically used MBST magnetic resonance technology. MedTec develops, produces and distributes the worldwide unique and patented technology that is used in MBST therapy system for human, veterinary and aesthetic medicine. Doctors, specialist, medical centres, hospitals, clinics and universities put their trust in the MBST therapy system today – not only in Germany and Europe but worldwide. It is MedTec's vision to enable a healthy, active and pain-free life for patients of nearly every age with its therapeutically used MBST technology. The MBST magnetic resonance therapy achieves that in the treatment of various degenerative diseases and injuries of the musculoskeletal system without needing drugs, injections, infusions, pain killers or surgical interventions. More than 1,000,000 hours of therapy have been applicated with the MBST magnetic resonance technology so far without any side effects or interactions becoming known. MedTec Medizintechnik GmbH stands for global leadership of market and technology with its worldwide patented therapeutically used MBST magnetic resonance technology.
