

## Member of Hessian Landtag Frank Steinraths visits MedTec Medizintechnik GmbH

Frank Steinraths, Member of the Hessian Landtag for the CDU party, Member of the district assembly, chairman of the CDU Lahn-Dill and city council member for the CDU Wetzlar, visited MedTec Medizintechnik GmbH on the 22<sup>nd</sup> of July 2020. The occasion for the invitation was given by the latest awards for MedTec who reached an exceptional 2<sup>nd</sup> rank in the TOP100 Top-Innovator 2020 competition and was awarded as "Winner" of the German Brand Award in the category "Excellent Brands – Health & Pharmaceuticals" and received a "Special Mention" as "Brand Innovation of the Year" for its digital concept.

Member of the Landtag Frank Steinraths, who focuses on science and the arts, internal matters and culture, visited the headquarters of MedTec Medizintechnik GmbH in Wetzlar on the 22<sup>nd</sup> of July. He was greeted in the conference rooms by MedTec Managing Director Axel Muntermann.

### MBST magnetic resonance therapy

Managing Director Axel Muntermann gave an insight into the 20 years of company history and explained the obstacles that the young company for medical products had to face. The beginnings of the worldwide unique MBST magnetic resonance therapy, the roots in MRI diagnostics as well as the areas of application, especially for osteoarthritis and osteoporosis and as an alternative to surgical interventions, were discussed.

### Solidarity with our emergency personnel

Besides the interesting dialogue between the member of the Hessian Landtag Steinraths from the CDU party and Managing Director Muntermann about the constant increase of patients who suffer from the symptoms of osteoarthritis and osteoporosis, Steinraths brought the attention to a current initiative. The "Schutzschleife", protection ribbon, is initiated by the Hessian Ministry of the Interior and Sports to help raising solidarity with our emergency personnel in police, fire brigade and medical staff. The ribbon can be ordered via [schutzschleife@hmdis.hessen.de](mailto:schutzschleife@hmdis.hessen.de). MedTec Medizintechnik GmbH and Axel Muntermann support the campaign and will include the ribbon in any request for information and orders.

### MBST magnetic resonance therapy devices

The for both sides interesting meeting was concluded with a visit at the in-house showroom where the MBST therapy devices which are developed in Wetzlar and produced in Germany can be seen. MedTec says thank you for the inspiring discussion and hopes to welcome Frank Steinraths to our headquarters again soon.

### About MedTec Medizintechnik GmbH

Founded in 1998, MedTec Medizintechnik GmbH from Wetzlar has developed from a pioneer to world market leader in the field of therapeutically used MBST magnetic resonance technology. MedTec develops, produces and distributes the worldwide unique and patented technology that is used in MBST therapy system for human, veterinary and aesthetic medicine. Doctors, specialist, medical centres, hospitals, clinics and universities put their trust in the MBST therapy system today – not only in Germany and Europe but worldwide. It is MedTec's vision to enable a healthy, active and pain-free life for patients of nearly every age with its therapeutically used MBST technology. The MBST magnetic resonance therapy achieves that in the treatment of various degenerative diseases and injuries of the musculoskeletal system without needing drugs, injections, infusions, pain killers or surgical interventions. More than 1,000,000 hours of therapy have been applied with the MBST magnetic resonance technology so far without any side effects or interactions becoming known. MedTec Medizintechnik GmbH stands for global leadership of market and technology with its worldwide patented therapeutically used MBST magnetic resonance technology.
